## Shipping Information

**Saltwater Fishing Expo**  
New Jersey Convention and Expo Center  
March 15-17, 2024

**Shipping Information** -Read the "General Exposition's Limits of Liability and Responsibility" for expanded information .

We recommend you use a carrier specializing in trade shows. Exhibit material is time-sensitive, and experience counts.

- **Outgoing Shipments** - Shipping Information, bills of lading or labels will be available at the General Exposition Service Desk. Exhibitors selecting non-official carriers will need to make their own arrangements for pick-up. If you wish to use your own carrier, you must fill out our Bill of Lading with your carrier name. You must call them to schedule your pick up and they must check in at the General Exposition Service Desk 2 hours prior to floor closing time. If your carrier does not show to pick up your freight within the allotted time, your freight will be forced out through our "house" carriers. General Exposition Logistics is our "house" carrier. You must fill out the appropriate Bill of Lading for the carrier you wish to use. When your booth is completely packed and ready for shipment, bring the completed Bill of Lading back to the General Exposition Service Desk.
- **Shipping Charge-Please prepay all shipping charges. General Exposition Services cannot accept or be responsible for collect shipments.**
- **Bills of Lading** -All shipments must have a bill of lading or delivery slip showing the number of pieces, weight, and type of merchandise. Upon shipping, immediately send copies of bills of lading to General Exposition Services and your on-site representative.

*Handling charges are based on the weight of the material. Certified weight receipts are required for all shipments. General Exposition will estimate weight for private vehicles without certified weight receipts. Charges will be based on this estimation and no adjustments can be made.*

*Separate mixed van shipments between crated and uncrated and clearly identify the weights of each on the bill of lading. Otherwise General Exposition Services will invoice the entire load at the Uncrated rate and will be unable to adjust charges later.*

- **Consignment**-All shipments must be consigned c/o General Exposition Services to enable us to accept them for handling. Convention centers and hotels will not accept direct shipments consigned to them, as they have no facilities for receiving or storing freight.
- **Certified Weight Receipts** -The weights of your vehicle empty and loaded must be documented with certified weight receipts for billing purposes. General Exposition Services will unload all shipments after your driver submits certified weight receipts at the receiving site.
- **Labor and Equipment** -Labor and equipment for unloading and loading are included with General Exposition Services Material handling rates for services. Labor and equipment will be available for uncrating, unskidding, assembling, positioning, leveling, dismantling, recrating and reskidding machinery and/or equipment of exhibitors. Place your orders for this labor in the labor order form section of this Exhibitor Service Kit.
- **Empty Labels** -Shipping cartons will be picked up, stored and returned after the show if they are affixed with empty labels by the exhibitor. These labels are available at the service desk and are for empty storage only.
- **Return to Warehouse (optional)** -After the show, General Exposition can provide delivery to the warehouse, storage of materials and loading on outbound carriers. Call us at the above phone number or stop in during the show at the General Exposition Services Desk for price quotes.

## Shipping 101

**Saltwater Fishing Expo**  
New Jersey Convention and Expo Center  
March 15-17, 2024

Exhibiting at a tradeshow can be costly. When a company purchases a booth space, it is just the beginning of the expenses that typically include shipping freight, furniture rental, and material handling. The seasoned exhibitor can tell you that material handling, often referred to as "drayage," is sometimes the most costly item on the list. In many cases, the exhibitor is paying for surcharges he does not understand. By understanding what drayage is and how service contractors establish their rates, you will be able to save money by avoiding unnecessary charges. Outlined below are some of the most commonly asked questions about drayage.

### **WHAT IS DRAYAGE?**

Simply stated, drayage is the moving of materials from point A to point B. Whether your materials are sent in advance to the service contractor's warehouse or directly to show site, they still need to get to your booth after the carrier drops them off. Paying for drayage entitles you to have your freight taken to your booth from the loading dock, empty containers stored during the show, empty containers returned to your booth at the close of the show, and your freight carried back to the loading dock and loaded onto the carrier at the conclusion of the show. Then you arrange for a carrier to pick up your exhibit materials for transport to the next destination. There is usually a 200 pound minimum per shipment charge for drayage.

### **CAN MATERIALS BE HAND CARRIED TO MY BOOTH?**

In most major cities, union labor has exclusive rights to the loading dock. The total weight and size of the display plus the union regulations regarding drayage for that city will determine if items can be hand carried to avoid paying for drayage. However, if you think you can hand carry your display onto the show floor, it has to be brought in through the front entrance. To avoid any surprises or confusion, please check the union regulations in the Exhibitor Service Manual. If you hand carry your items, the empty containers may be stored during the show for a fee.

### **HOW ARE DRAYAGE RATES DETERMINED?**

Since union labor is used to move freight, General Exposition Services must set the rate based on the labor rate in that city. Drayage rates also reflect the cost of empty storage space and the overall cost to produce the tradeshow. Drayage rates will vary depending on move-in and move-out times.

### **HOW CAN I SAVE MY COMPANY MONEY?**

Read your Exhibitor Service Manual and pay close attention to the shipping instructions. Be aware of any surcharges that may be imposed for special handling or late shipments. Please pay close attention to deadline dates. If warehouse shipments arrive too early or miss the deadline date, there will be an additional surcharge of 25%. General Exposition Services usually allows shipments to arrive at the advance warehouse up to 30 days from the first move-in date.

### **SHOULD I SHIP TO THE ADVANCE WAREHOUSE OR SHOW SITE?**

When possible, ship in advance to the warehouse. Even though the drayage charges are typically higher, there are benefits. You can confirm receipt of your shipment with General Exposition Services before the show, adding to your peace of mind. In addition, freight sent to the warehouse is unloaded prior to exhibitor move-in. Therefore, your freight will be in your booth upon your arrival. You can begin setting your exhibits as soon as you arrive, which can save you time and labor during set-up. It is worth the added expense in order to reduce problems at show site.

**Objectionable Exhibits:** Management retains the right to discontinue any exhibit, which in the opinion of management is objectionable.

### Limitations of General Exposition Services Liability and Responsibility

- General Exposition Services shall not be responsible for damage to uncrated materials, materials improperly packed, or concealed damage.
- General Exposition Services shall not be responsible for loss, theft, or disappearance of exhibitor's materials after same have been delivered to exhibitor's booth.
- General Exposition Services shall not be responsible for loss, theft, and disappearance of materials before they are picked up from exhibitor's booth for reloading after the show. Bills of lading covering outgoing shipments, which are furnished to General Exposition Services by exhibitors, will be checked at time of actual pick-up from booth and corrections made where discrepancies occur.
- General Exposition Services shall not be responsible for any loss, damage, or delay due to fire, Acts of God, strikes, lockouts or work stoppages of any kind, or to causes beyond its control.
- General Exposition Services liability shall be limited to the physical loss or damage to the specific article which is lost or damaged, and in any event General Exposition Services's maximum liability shall be limited to \$0.30 per pound per article with a maximum liability of \$50.00 per item and \$1,000 per shipment.
- General Exposition Services shall not be liable to any extent whatsoever for any actual, potential, or assumed loss of profits or revenues, or for any collateral costs, which may result from any loss or damage to an exhibitor's materials which may make it impossible or impractical to exhibit same.

### Exhibitor Appointed Contractors

1. Complete the attached Notification of Intent to use **NONOFFICIAL** Service Contractor.

8. The Exhibitor Appointed Contractor shall be prepared to show evidence that it has a valid authorization from the Exhibitor for services. The Exhibitor Appointed Contractor may not solicit business on the exhibit floor.
9. The Exhibitor Appointed Contractor must confine its operations to the exhibit area of its clients. No service desks, storage areas or other work facilities will be located anywhere in the building. The show aisles and public space are not a part of the Exhibitor's booth space.

11. The exposition floor, aisles, loading docks, service and storage areas will be under the control of the Official Service Contractor, General Exposition Services. The Exhibitor Appointed Contractor must coordinate all of its activities with General Exposition Services.
12. For services such as electrical, plumbing, telephone, cleaning and drayage, no contractor other than the Official Service Contractors will be approved. This regulation is necessary because of licensing, insurance, and work done on equipment and facilities owned by parties other than the Exhibitor. Exhibitors shall provide only the material and equipment they own and is to be used in their exhibit space.
